DOC. MICRO. SER.

1. The attached KIPFER memorandum was received by us as a result of our query to KIPFER based upon the contents of reference. KIPFER states that this information comes from V-8970 who obtained it from a source (not identified to KIPFER) in the LSV Northrhine/Westphalia.
2. Although this report concerns Alarich HNOSS, rather than Manfred HNOSS, the person figuring in UJ-DEOLLEY #8, it is possible that this is the report to which the British referred in their allegations that KIPFER was in possession of material on HNOSS. In any case, there would seem to be no harm in inviting the British to "be more specific" on how they know this to be true.
3. It is recommended that the contents of the attached report be made available to STOLCK.
